A Message from Mayor Annette Iafallo – Snow and Illegally Park Vehicles

The men from the DPW are hard at work clearing the streets from last night's snow fall and the snow that continues to fall today. It has been noticed that there are many vehicles that are not following parking restrictions and are therefore parked illegally. These restrictions need to be followed in order for our DPW crew to successfully clear streets as well as for other emergency vehicles to be able to maneuver down them.

Please be advised that police will be enforcing parking restrictions which may lead to tickets or the towing of vehicles for those who are parked illegally. We ask that you follow the parking restrictions in place for your area so that streets can be cleared safely.

If a fire hydrant is in front of your home, please make sure it is cleared, it may save your home, others, and maybe even your life.

Thank you and stay safe.
